

ACE Summer Camp 2020

CRAZY SCIENCE IN STEAM

We are exploding into a GREAT summer at ACE Summer Camp this year!

Ranked by Northern Virginia Magazine among the Best Summer Camps in Northern Virginia, ACE is getting ready for another exciting summer and we hope you will join us!

Campers will engage in academic activities, critical thinking challenges, crafts, games and much, much more as campers fuse fun with academic enrichment and development. **ACE is committed to providing a safe and healthy learning environment during our summer camp and will practice all social distancing and sanitizing recommendations** as required by the Fairfax County Health Department and Virginia Dept. of Social Services.

This summer we are heading to the Crazy Scientist's laboratory for fun and learning - where each week will be devoted to a different branch of science. Campers will be doing hands-on science experiments and activities as we learn about the world around us and how it works.

ACE's 7-week, jam-packed Crazy Science in STEAM Camp will run from **Monday, June 15th through Friday, July 31 for students 3 years old to 6th grade**. Campers are welcome to attend any or all weeks. Join us for an out of this world summer of Science in STEAM and see why ACE is the place to be for summer fun!

Don't miss out on the fun! Space is limited, so please register early.
